

IT'S TIME TO RETHINK HIGHER EDUCATION.

WHAT IS A COLLEGIATE APPRENTICESHIP?

The Colorado Collegiate Apprenticeship Program is reimagining the way job opportunity and a passionate, educated workforce come together to create viable careers. By aligning ambitions and resources of our state's economy and community college system, we are shifting the narrative around traditional teaching models by transforming the way we recruit, develop, train, and ultimately, launch Coloradans into careers in healthcare and technology.

APPRENTICES GET:

- Hands-on career training
- Paid during their apprenticeship
- Industry-driven postsecondary education
- Postsecondary credential attainment
- Cohort model

EMPLOYERS GET:

- To build a customized training plan with a high-quality provider
- To offer an attractive employee benefit
- A new path to recruit diverse, local talent
- 91% of apprentices complete

WHAT FIELDS CAN I ENTER THROUGH A COLLEGIATE APPRENTICESHIP?

Medical Assistant
Database Administrator
Computer Programmers
Radiology Technicians

Health Informatics
Public Health
Web Developers
And many more
